AI in Science Summit: Launching the Resource for AI Science in Europe (RAISE)

An event of the Danish Presidency of the European Council

For centuries, science has been a cornerstone of Europe's progress, driving advancements from medical breakthroughs to renewable energy. Today, Artificial Intelligence (AI) is transforming this legacy, reshaping research across disciplines and accelerating discoveries to address technological and societal challenges.

By embracing AI, science can enhance Europe's global competitiveness and continue its tradition of innovation.

Join us at the AI in Science Summit to explore AI's transformative impact on scientific discovery and how Europe can lead this transformation with a unique approach.

Event Details

Date: 3-4 November 2025

Venue: Bella Sky Hotel, Copenhagen, Denmark

Registration: www.ais25.eu

Summit Objectives

- Inspire collaboration between AI and domain scientists and among academia, industry, and investors
- Showcase AI's potential for solving scientific and technological challenges
- Define a distinct European path forward for AI in science
- Launch the Resource for AI Science in Europe (RAISE) to pool computing power, talent, data, and funding
- RAISE aims to foster interdisciplinary collaboration between AI research (science for AI) and its application across diverse scientific fields (AI in science).

Who Should Attend

- AI and domain scientists: Demonstrate research, exchange ideas, form interdisciplinary teams and work on challenges together
- AI industry leaders: Showcase solutions, gain fresh ideas, and affirm commitment
- Investors: Discover projects, pledge support, and share entrepreneurial insights
- Policy makers: Explore visionary solutions to inspire policy and funding research agendas

Summit Highlights

- High-level interventions from European leaders in AI, science, business, and policy
- Thematic hands-on workshops on AI's role in Life Sciences, Materials, Planet, Food, and Society
- Presentations and demonstrations of AI research and solutions
- Networking opportunities

Call for Posters and Demos

For researchers and companies, there is a Call for Posters and Demos easychair.org/cfp/AIS2025 for the Summit exhibition, showcasing late-breaking results and tools - an excellent opportunity to present your innovations to scientists, industry leaders, and investors.
