

Denmark's Tinderbox adds another 4 acts to stacked line-up

Camila Cabello, Janelle Monáe, Beth Hart and local super star MØ are the latest additions to this year's line-up.

With acts like Lenny Kravitz, Future Rave aka David Guetta and MORTEN, Bryan Adams, RAYE, Avril Lavigne, Kaizers Orchestra, and James Arthur, the line-up for this summer's edition of the Denmark-based festival has already taken shape. Now, the festival is once again gearing up for next year's event with the addition of four strong names.

The multi-GRAMMY® Award-nominated Cuban-born singer, songwriter, actress, and activist **Camila Cabello** has continuously been pushing popular music and culture beyond boundaries and borders throughout her career and made history while doing so. She became "the first Hispanic woman to reach RIAA Diamond status" with her Billboard Hot 100 #1 hit "Havana (feat. Young Thug)" and has released several smash hits since then, including singles like "Bam Bam (feat. Ed Sheeran)" and "Don't Go Yet" from her latest 2022-record *Familia*.

Cabello's performance at Tinderbox this summer will mark her first concert in Denmark as a solo artist.

The new announcement counts another two GRAMMY®-nominated artists with **Janelle Monáe**, who released their 'Best Progressive R&B Album' and 'Best Album' nominated new record *The Age of Pleasure* last year, and the blues-rock singer **Beth Hart** who's been a fan favorite in Denmark for many years.

Last but not least, the local super star MØ, who's also gained huge success outside of Denmark, will return to her home town of Odense in celebration of the 10-year anniversary of her groundbreaking debut album *No Mythologies to Follow*.

Festival booker Nikoline Skaarup says of today's announcement:

- We're very excited to be able to present Camila Cabello in Denmark for the first time. She's been part of shaping the global pop scene of today and bringing new music traditions into pop culture with a string of irresistible releases. Janelle Monáe too has constantly been pushing the limits for popular culture and throughout their career shed light on important cultural and social issues while crafting some of the best music we've heard. To be able to present these two artists alongside Beth Hart and MØ – who've also been and still are voices of their generations - makes it a very rewarding day to be a festival booker.

Tinderbox takes place in the city of Odense from June 27th – June 29th.
