“Peacemakers who sow in peace raise a harvest of righteousness.” James 3.18

Esteemed Members of the Nobel Committee,

I wish to submit the nomination of the Netanyahu family – Yair, Avner, Sara and Benjamin for the Nobel Peace Prize 2026.

The Netanyahu family is a role model for leadership and unity in dedication for peace. With his family's close support, Benjamin Netanyahu has strived for and accomplished historic peace agreements with no less than three muslim countries; United Arab Emirates, Bahrain and Morocco, besides building ties with Somaliland. He is continuously working with exceptional dedication to expand the Abraham Accords to a wider range of countries in the Middle East, while at the same time fighting terror organizations and rouge states that spreads hate and death.

Yair Netanyahu have contributed to the peace efforts as an advisor for his father. He is known for bold statements speaking frankly out against those who seek to undermine the peace efforts. For this he has been threatened. He was also a keynote speaker at Jerusalem Prayer Breakfast in New York in 2024, a movement praying for peace for Jerusalem.

Avner Netanyahu has also brought personal sacrifices for peace, like when he postponed his own wedding during the 12-day war with Iran, to allow his family's full focus on taking out the Iranian nuclear threat. He has previously volunteered helping challenged youths in the scouts movement.

Benjamin Netanyahu's decisive steps towards peace and prosperity for all people in the region could not be done without the strong and steadfast support of his wife Sara, who always sides with him. On top of her representative duties, Sara is an expert child psychologist, diagnosing and treating children in the school system and from distressed families.

The entire family have a mindset of compassion, care and unity that deserves to be recognized as a gesture for their ongoing efforts to bring peace and stability in the region and beyond.

Sincerely,
