REMUNERATION REPORT

FINANCIAL YEAR 2024/25

REMUNERATION REPORT FOR THE BOARD OF DIRECTORS AND EXECUTIVE BOARD

This remuneration report provides an overview of the total remuneration received by each member of the Board of Directors and Executive Board of Harboes Bryggeri A/S during the 2024/25 financial year compared to last year. The Executive Board includes the members who are registered with the Danish Business Authority.

The remuneration of the Board of Directors and Executive Board for the past financial year has been awarded in accordance with the company's remuneration policy approved at the annual general meeting of 20 August 2021, which is available on Harboe's website:

 [Remuneration Policy](#)

The overall purpose of the remuneration policy is to attract, motivate and retain qualified members of the Board of Directors and the Executive Board, and to ensure an alignment of interests between the management and the company's shareholders. The remuneration policy must help to support Harboe's business strategy, long-term interests, sustainability and value creation by supporting Harboe's long-term and short-term goals.

Results for the year

Net revenue was mDKK 1,823 million, which represents an increase of mDKK 6. The results were positively impacted by increasing net revenue in Beverage for the danish market segment and in Ingredients for all three geographical market segments. The increase in net revenue is primarily due to a combination of increased sales of own brands in strategic growth markets, new product launches, as well as a positive product mix.

EBITDA was mDKK 142 in 2024/25, compared to mDKK 158 in 2023/24. The development and the result is primarily driven by increased investments in sales- and marketing cost to support

growth in own brands, as well as increased costs for production and distribution. The EBITDA margin decreased to 7.8% compared to last years 8.7%.

Harboe's profit before tax was not at the level expected at the beginning of the financial year, but in line with the most recently announced expectations at mDKK 50-60. Beneath it there was good progress with the Group's strategic priorities and we expect for the coming financial year 2025/26 to continue delivering positive results and creating value for our shareholders.
