

Genmab Announces Initiation of Share Buy-Back Program

Company Announcement

- Repurchase of up to 342,130 shares with a maximum aggregate total value of 725 million DKK
- Honoring our commitments under the Restricted Stock Unit program
- Completion expected no later than March 31, 2026

COPENHAGEN, Denmark; February 17, 2026 – [Genmab A/S](#) (Nasdaq: GMAB) announced today that it is initiating a share buy-back program, to honor our commitments under the Restricted Stock Unit program. The share buy-back program will be undertaken on the terms set out below and in accordance with Regulation (EU) No. 596/2014 ('MAR') and the Commission Delegated Regulation (EU) 2016/1052, also referred to as the "Safe Harbour Regulation."

Time frame

The share buy-back program will start on February 18, 2026, and is expected to end no later than March 31, 2026 (unless Genmab terminates or suspends the program).

Terms

Genmab has entered into a non-discretionary instruction with Danske Bank in relation to the share buy-back program. Danske Bank will make its own trading decisions and act independently of and without influence or involvement from Genmab. Under this share buy-back program Genmab may repurchase up to 342,130 shares with a maximum aggregate total value of 725 million DKK.

Any purchase of ordinary shares done in relation to this announcement will be carried out on Nasdaq Copenhagen and Multilateral Trading Facilities and executed in accordance with the price and volume conditions set out in the Commission Delegated Regulation (EU) 2016/1052 of 8 March 2016 supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council with regard to regulatory technical standards for the conditions applicable to buyback programs and stabilization measures, and Genmab's general authority to make market purchases of ordinary shares.

Shares acquired under the program cannot be purchased at a price exceeding the higher of (i) the price of the latest independent transaction on the trading venue where the purchase is carried out and (ii) the price of the highest independent bid the trading venue where the purchase is carried out at the time of the transaction. The total number of shares that may be purchased on a single trading day on each trading venue may not exceed 25% of the average daily trading volume over the preceding 20 trading days on such trading venue.

As of February 17, 2026, Genmab holds 2,615,851 treasury shares equal to 4.07% of the share capital.

Genmab is entitled to suspend or stop the program at any time, and any such decision will be disclosed in a company announcement.

Upon initiation of the program, Genmab will issue a weekly announcement in respect of transactions made under the program.

About Genmab

Genmab is an international biotechnology company dedicated to improving the lives of people with cancer and other serious diseases through innovative antibody medicines. For over 25 years, its passionate, innovative and collaborative team has advanced a broad range of antibody-based therapeutic formats, including bispecific antibodies, antibody–drug conjugates (ADCs), immune-modulating antibodies and other next-generation modalities. Genmab's science powers eight approved antibody medicines, and the
