# Continued growth in the fourth quarter

Logent's business grew 23% in quarter four and continued the diversification of the international business portfolio across all six countries. Net Sales amounted to 771 MSEK and adjusted EBITDA excluding IFRS 16 of 66 MSEK.

Market conditions during the fourth quarter indicated a cautious recovery and higher resilience compared to the volatile environment of previous years. Logent observes that Nordic business leaders are more optimistic about 2026 than 2025, focusing more on growth initiatives rather than just cost-cutting, thanks to lower inflation and higher GDP projections. It is expected that 2026 will open up for increased logistics investment volumes and the underlying economy for Logent's core markets, especially Finland, Sweden and Norway seem to be stronger in 2026 than 2025.

The fourth quarter has been characterized by robust operations, several new customer development projects and positive volume trends from the e-commerce sector during its peak season of Q4 with the important black week period. Logent's new return handling offering has been proven successful with both high efficiency levels and strong quality, which opens up for continued reshoring of return handling for additional e-commerce customers in the Nordics.

An important example of an ongoing development project is the construction of a new tailored world-class logistics centre for Saab in the defence industry. The new logistics centre will secure higher growth capacity for the customer for the coming years and start of operations is planned to be in spring 2026. The fourth quarter also marked a finalized integration of HUB Logistics into Logent's business including adoption to the group ERP system, harmonized HR processes and one aligned brand setup. Overall, we have throughout the second half of the year adapted our cost structure as a result of our evolving business platform to allow for a more healthy setup for the future. Main focus going forward is on cross-selling of Logent's full service offering to the existing customer base.

Logent has continued a strong development journey for its operations in Ghent for Volvo Cars. During 2025

the partnership grew from a narrow scope of supplying parts to the EX30 production, which was moved from China, to now entailing component supply for all car models produced in Ghent. In addition, the partnership now also serves as logistics terminal for packaging material and waste coming out from the car factory.

International collaboration between our businesses and countries has continued to evolve throughout the quarter with intense focus on increased cross-service and cross-border sales initiatives. At the same time, Logent's service offering continues to evolve with constant focus on adding more customer value across the logistics supply chain. New offerings include a broader Supply Chain Services portfolio, including stock level management and network optimization as well as stronger capability for consulting projects and real-estate development.

During the quarter, we have continued to build a stronger position for our Customs business in the fish industry and e-commerce sector. Furthermore, we have consolidated our operating model combining our organizations for Logistics Operations and Staffing in Sweden and Norway to allow operating the business in a more cost-effective setup. We also continue our focus on personnel development, capability build-up and fostering the Logent culture across our six countries with the aim to further increase employee satisfaction year over year.

Throughout the quarter, we have also successfully secured key contract renewals and signed several new customer contracts which paves the way for a positive start to the new year. Among others, new contracts include Pislä in Finland, Brav in Norway and Hanza in Sweden. The year of 2026 marks an important milestone where Logent will celebrate our 20<sup>th</sup> anniversary, two decades after it all began in 2006.

Looking forward to the strongest year ever in 2026 with continued partnerships and even more value contribution for our customers!

# Logent sustainability goals

*We create the logistics solutions of the future, for our customers, our employees, society and the environment. Together with our customers and partners, we create tailor-made logistics solutions with a focus on bringing customers closer to their goal.*

Our strength is our expertise and our experience in designing, implementing and operating high-quality and efficient logistics solutions adapted to our customers' needs. Our goal is to become the natural partner of existing and new customers for daily and long-term logistics needs. Creating sustainable logistics solutions is therefore important for us, our customers, other stakeholders and to ensure functioning societies.

In times characterised by political and economic instability, we take pride in maintaining our long-term perspective and high ambitions for sustainability. In 2024, we demonstrated this commitment by joining the Science Based Targets initiative (SBTi). Additionally, we have sustained our crucial focus on HR and employee development through a range of initiatives.

Throughout 2024, we have continued to implement group-wide objectives and introduced scorecards for each business area and operation. Our aim has been to break down the overall objectives, enabling each operation to work actively on local action plans.

In 2025, we have built on this progress with a focused approach to sustainability and organisational development. Some of our key focus areas was enhancing leadership capabilities, developing targets aligned with the Science Based Targets initiative (SBTi), and collaborating with our customers to help them achieve their objectives.

Sustainability work is guided by the precautionary principle, which means that we work actively to reduce our negative impact on the environment and people.

## Logent's sustainability goals

-  Increase diversity and gender equality in all positions within the organisation
-  Zero serious accidents
-  Zero cases of discrimination or sexual harassment
-  By 2030 we shall be climate-neutral in relation to the emissions generated from our own operations (Scope 1 and 2)
-  Reduce energy use by 20% per Swedish krona turnover (base year 2021)

## UN Sustainable Development Goals

Logent supports the UN's 17 Sustainable Development Goals (SDGs). Based on our business model, geographical presence, possibility to influence developments and the impact of the world around us, we have chosen to focus in particular on five of the SDGs. Logent strives to set a leading example in these areas, which are in line with our new strategy and our goals.

# Financial information

## Fourth quarter

### Income

Net sales for the fourth quarter amounted to 771 027 KSEK (627 614), an increase of 22,9%. Acquired operations in Finland (HUB Logistics acquired 30<sup>th</sup> of June) contributed with 119 207 KSEK. The Logistics Operations segment had a growth this quarter of 35%, mainly explained by the acquisition of HUB in Finland. Logistics Services have similar income as in Q4 last year. The Staffing segment increased by 9% compared to the same period last year.

### Result

Adjusted EBITDA excluding IFRS 16 for the fourth quarter amounted to 64 506 KSEK (66 534).

The adjusted EBITDA excluding IFRS16 margin was 8,4% (10,6%). A temporary decrease compared to last year mostly due to mix effects as well as transitory effect from establishment and ramp-up costs for our operations in Belgium.

For the Logistics Operations segment, adjusted EBITDA excluding IFRS 16 amounted to 49 440 KSEK (52 497). The adjusted EBITDA margin excluding IFRS 16 was 9,2% for the fourth quarter, which means a decrease from last year's level of 13,1%. Margin development during Q4 is mainly explained by shift in customer mix in combination with higher operational cost connected with ramp up of new customer contracts.

For the Logistics Services segment, adjusted EBITDA excluding IFRS 16 amounted to 12 775 KSEK (13 535). The adjusted EBITDA margin excluding IFRS 16 for the segment amounted to 7,8% during the fourth quarter, broadly in line with previous years 8,2%.

For the Staffing segment, adjusted EBITDA excluding IFRS 16 amounted to -1 166 KSEK (-1 462). The increase in result is related to volume growth and improvement in costs structure.

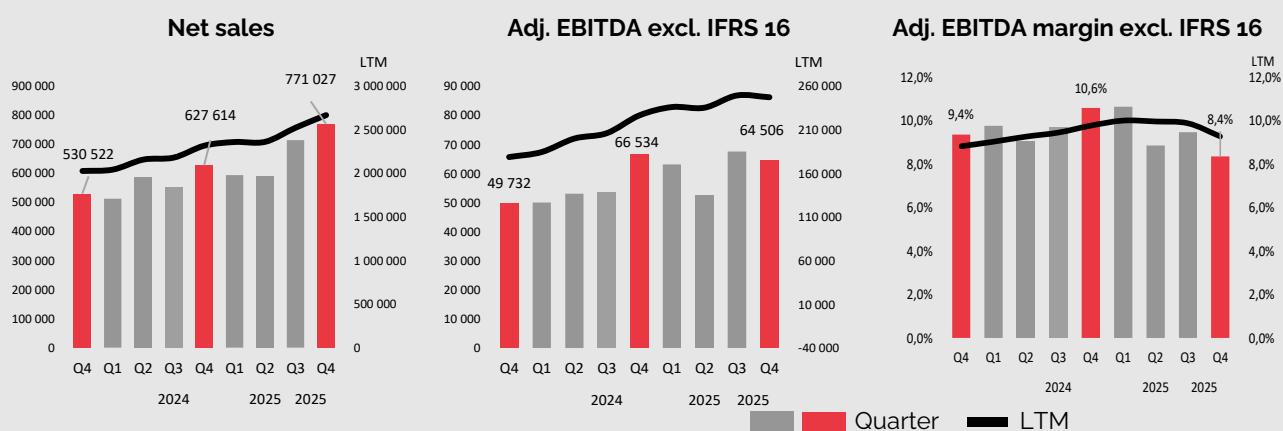

## January – December 2025

### Income

Net sales for the period January-December 2025 amounted to 2 668 950 KSEK (2 279 628), an increase of 17%. The acquisition of HUB Logistics in Finland contributed with 234 326 KSEK. The Logistics Operations segment increased by 23%, the Logistics Services segment increased by 6% and the Staffing segment increased by 5% compared to the same period last year.

### Result

Adjusted EBITDA excluding IFRS 16 for the period Jan-Dec 2025 amounted to 247 705 KSEK (223 297). The adjusted EBITDA excluding IFRS 16 margin was 9,3% (9,8%).

# Liquidity and financial position

## Cashflow

Cashflow from operating activities for the fourth quarter amounted to 59 140 KSEK (77 563). The decrease comes mainly from one-off cash effect of cost structure adaptation and development of working capital in the quarter.

In June Logent has acquired HUB logistics group which was financed with a combination of an increase of our bond loan, cash and revolving credit facilities which is reflected in investing and financing activities for the year in the cash flow statement

The net debt excluding IFRS 16 for the Group amounted to 999 174 KSEK (848 854). The increase is related to the bond tap issue used to finance the acquisition of Hub logistics.

Net debt including IFRS 16 amounted to 1 318 570 KSEK (1 386 623).

## Significant events during the fourth quarter, October – December 2025

The fourth quarter marked a finalized integration of HUB Logistics into Logent's business including adoption to the group ERP system, harmonized HR processes and one aligned brand setup.

New contract wins with Pislä in Finland and Hanza in Sweden.

## Significant events after the end of the reporting period

New contract win with Brav in Norway.

# Significant risks and uncertainties

## Risks related to macroeconomic factors and cyclical demand

Through its various operating segments, the Group is active in the logistics market. Like other companies active in the logistics market, the Group is affected by the general financial and political situation at global, local and regional levels. The overall demand for logistics services usually follows the development of gross domestic product (GDP) and the levels of trade volumes within the geographical regions where the Group offers its logistics services. The Group is thus primarily dependent on the development of GDP and the related development in trade volumes in Sweden, Norway, Denmark, Finland, Netherlands and Belgium, as well as the development in the geographical regions and markets where the Group's customers operate, as the demand for the Group's logistics services is ultimately affected by the demand for its customers' products. In light of the above, there is a risk that such a decrease in demand for the Group's logistics services could affect operations, operating profit and the Group's financial position.

## Risk related to geopolitical situation

The ongoing conflicts in Ukraine have negatively impacted supply chains and the transport sector. Although the Group has not experienced any significant effects due to the war in Ukraine, the Group's operations could be negatively affected in the future if the current geopolitical tensions and conflicts were to persist, which could affect, among others, the capital markets as well as global trade including the transport sector and supply chains.

Current geopolitical situation with uncertainty in the market mostly driven by the new American administration might impact Logent's customers'

businesses and how that will change their logistics flows in the future.

## Risks related to changes in inflation rates

Uncertainty in the world has increased over the past year as a result of high inflation and disruptions in supply chains. The high inflation has affected Logent through higher interest costs, energy costs and fuel costs. Logent works actively with mitigating measures and has so far managed these cost increases with contractual indexation to our customers.

The uncertainty and higher inflation have also affected the purchasing power of the population, which has generated lower volumes for some of Logent's customers.

Logent closely monitors these external factors as well as the resulting volume and cost increases and is ready to act if necessary.

# Notes

## 1. Notes to consolidated accounts

SSCP Lager BidCo AB (publ), corporate ID number 559109-9154, is a limited company registered in Sweden with registered office in Stockholm. The address of the head office is SSCP Lager BidCo AB, c/o Logent AB Hammarby Kaj 14, SE-120 30 Stockholm, Sweden. The Parent Company and its subsidiaries' operations comprise logistics services.

Unless otherwise stated, all amounts are in thousands of SEK (KSEK).

### 1.1 Accounting principles

These consolidated accounts were prepared pursuant to the Swedish Annual Accounts Act, RFR 1 Supplementary Financial Reporting Rules for Corporate Groups, and the International Financial Reporting Standards (IFRS) and IFRS Interpretations Committee interpretations (IFRS IC) as approved by the EU. This interim report has been prepared in accordance with IAS 34 Interim Financial Reporting.

The Parent Company applies RFR 2 Financial Reporting for Legal Entities and the Annual Accounts Act. The interim report for the Parent Company has been prepared pursuant to the Annual Accounts Act.

Applied accounting principles are consistent with those described in SSCP Lager BidCo Group's annual report for 2024, unless otherwise expressly stated below.

### 1.2 Significant accounting estimates and judgements

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom correspond to the actual results. Estimates and assumptions that entail a significant risk of material adjustments to the carrying amounts of assets and liabilities in the next financial year are outlined below.

(a) Test of impairment of goodwill and trademarks

The Group tests each year whether any impairment requirement exists for goodwill and trademarks in

accordance with the accounting policy described in the annual report 2024. The recoverable amounts for the cash-generating units were established by calculating the value in use. Certain assumptions must be made for these calculations, of which the most important assumptions are the discount rate and the long-term rate of growth. The carrying amount of goodwill amounted to SEK 1 027 604 thousand and the carrying amount of trademarks amounted to SEK 157 677 thousand as of 31 December 2025. An impairment test was performed on 31 December 2025, which showed that there was a need for impairment of Goodwill in business segment Ports based on change of operator in Port of Gothenburg in 2026 and in business segment Staffing. A depreciation of SEK 65 121 thousand was made in business segment Ports and of SEK 34 606 thousand made in business segment Staffing in December 2025.

### 1.3 Segment information

Three reportable segments, Logistics Operations and Logistics Services and Staffing, were identified in the Group:

Logistics Operations - Contract Logistics-solutions relating to dedicated warehouse solutions and ports.

Logistics Services - Contract Logistics-solutions relating to transport management and customs.

Staffing - Staffing solutions related to logistics built to manage volume fluctuations. Both external and internal staffing (e.g. to Contract Logistics) and for recruitment services.

Other - The item Other consist of costs and items that have not been allocated to the segments.

The Group CEO primarily uses a measure of adjusted earnings before interest, tax, depreciation and amortization (EBITDA, see below) to assess the performance of the operating segments excluding effect of IFRS 16 (see Note 6 and 7).

### 4. Business combinations

#### Business combinations during the fourth quarter 2025

##### *Acquisition of HUB Logistics*

On 23 June 2025, 100% of the shares in HUB Logistics Oy was acquired. The acquisition was carried out in the subsidiary Logent Finland BidCo Oy. An acquisition analysis was prepared for the acquisition of the entire business.

##### *Revenue and earnings of acquired business*

The company contributed 119 207 KSEK revenue and 7 615 KSEK earnings to the Group for the fourth quarter of 2025. If the acquisition had been carried out on 1 January 2025, revenue from the company would have been 460 201 KSEK, and Adjusted EBITDA excluding IFRS 16 would have been 35 424 KSEK.

### 5. Alternative Performance Measures

The Group applies ESMA's (European Securities and Markets Authority) guidelines for alternative performance measures. An alternative performance measure is a financial measure of historical or future earnings development, financial position or cash flow that is not defined or specified in IFRS. The interim report contains financial performance measures that are not defined in accordance with IFRS so-called alternative performance measures. These alternative performance measures are considered to be

important performance indicators for investors and other users of the interim report. The primary alternative performance measures presented relate to EBITA, EBITDA, net debt, adjusted EBITA and EBITDA excluding items affecting comparability and effect of IFRS 16. Below is a reconciliation of the alternative performance measures and a description of the purpose of these. The Group's definition of these performance measures that are not defined in accordance with IFRS are described in this note. These terms can be defined differently by other companies and are therefore not always comparable with similar measures used by other companies.

# Definitions

Performance measure	Definition	Explanation
<b>EBITDA</b>	Profit or loss before depreciation, amortization, net financial items and taxes.	EBITDA is intended to show an understanding of the Group's operating activities, independent of depreciation of fixed assets and the Group's financing.
<b>EBITA</b>	Profit or loss before depreciation/amortization of trademarks, customer contracts and goodwill, net financial items and taxes.	EBITA is considered relevant by investors who want to understand earnings after investments of tangible and intangible assets but before intangible assets attributable to company acquisitions.
<b>Adjusted EBITDA excluding IFRS 16</b>	EBITDA including adjustments for items affecting comparability (see Note 6) and excluding effect of IFRS 16 (see Note 7).	The measure is relevant for complying with EBITDA excluding items affecting comparability and the effect of IFRS 16 for complying with the historical figures in accordance with bond terms and conditions.
<b>Adjusted EBITA excluding IFRS 16</b>	EBITA including adjustments for items affecting comparability (see Note 6) and excluding effect of IFRS 16 (see Note 7).	The measure is relevant for complying with EBITA excluding items affecting comparability and the effect of IFRS 16 for complying with the historical figures in accordance with bond terms and conditions.
<b>Adjusted EBITDA excluding IFRS 16 (%)</b>	Adjusted EBITDA excluding IFRS 16 related to Net sales.	The performance measure is relevant for creating an understand of operating profitability excluding depreciation in relation to the Group's net sales. The effect of IFRS 16 is excluded to report earnings in accordance with bond terms and conditions.
<b>Adjusted EBITA excluding IFRS 16 (%)</b>	Adjusted EBITA excluding IFRS 16 related to Net sales.	The performance measure is relevant for creating an understand of operating profitability excluding depreciation/amortisation linked to company acquisitions in relation to the Group's net sales. The effect of IFRS 16 is excluded to report earnings in accordance with bond terms and conditions.
<b>Net debt</b>	Interest-bearing financial indebtedness excluding liabilities to shareholders less cash and cash equivalents.	Measures external financing, taking into account own cash and cash equivalents, and is useful to users of the financial statements as a complement to assessing the Group's ability to meet financial commitments.
<b>Net debt excluding IFRS 16</b>	Net debt excluding effect of IFRS 16 (see Note 7).	Measures external financing, taking into account own cash and cash equivalents, but excluding lease liabilities incurred as a result of IFRS 16 to report net debt in accordance with bond terms and conditions.
