Correction to Consolidated Interim Report 1 January – 30 June 2026

14 August 2026
Announcement no. 10

The previous announcement with the half year report was missing the report. The announcement is re-published, including the report. On 14 August 2026, the Board of Directors and the Executive Board of Pharma Equity Group A/S ("PEG", "The Company" or the "Group") considered and approved the interim report for the Group for the period 1 January – 30 June 2026 ("H1 2026 report"), which can be summarized as follows:

The headlines for the period can be summarized as follows

- Reponex Pharmaceuticals A/S strengthened its patent position with a new European patent covering the treatment of inflammatory bowel disease, including pouchitis
- The patent application relating to the treatment regime for RNX-051 has entered the national phase in several key markets, including Europe, the USA, Japan, China and India
- An arbitral award confirmed that PEG has a valid claim relating to the Portinho S.A. receivable, strengthening the legal basis for the Company's continued recovery efforts
- The formulation of RNX-051 has been finalised, and production for the planned clinical study has been established in Germany. Enrolment of the first patient is expected in late 2026 or early 2027, subject to the remaining regulatory, operational and financing requirements
- Enrolment of the first patient in the planned clinical study of RNX-011 is expected to commence in late 2026
- Discussions with potential licensing partners continue across Reponex's clinical programmes
- Reponex is assessing the possibility of conducting clinical trials in India as a potential pathway towards earlier market access and market-specific licensing agreements
- Reponex continues discussions regarding potential licensing opportunities in Japan and Abu Dhabi in connection with the further clinical development of its programmes, including dialogue with the Japanese regulatory authorities regarding RNX-051
- The Group strengthened its capital resources through additional convertible instruments and loans and continues to pursue additional financing to support its planned activities
