# About the survey

PwC's 27th Annual Global CEO Survey  
methodology, demographics and definitions

**PwC surveyed 4,702 CEOs in 105 countries and territories from 2 October through 10 November 2023. 71 Danish CEOs participated in this year's survey.**

The global and regional figures in this report are weighted proportionally to country nominal GDP to ensure that CEOs' views are representative across all major regions. The industry- and country-level figures are based on unweighted data from the full sample of 4,702 CEOs, including 4,088 men, 521 women, and 93 who identified with another gender or preferred not to say. Further details by region, country and industry are available on request. All quantitative interviews were conducted on a confidential basis. Among the CEOs who participated in the survey:

- 3% lead organisations with revenues of US\$25 billion or more
- 4% lead organisations with revenues between US\$10 billion and US\$25 billion
- 20% lead organisations with revenues between US\$1 billion and US\$10 billion
- 38% lead organisations with revenues between US\$100 million and US\$1 billion
- 31% lead organisations with revenues of up to US\$100 million
- 68% lead organisations that are privately owned.
