Company announcement no. 14-2019

Birkerød, 14 November 2019

ViroGates A/S (Nasdaq First North Growth Market Denmark: VIRO), who delivers blood test systems, primarily for acute care departments in hospitals, today announces that the Board of Directors has granted warrants to Management in accordance with ViroGates' "General guidelines for incentive pay" approved at the annual general meeting on 24 May 2018 as well as section 4.2.5 of the Nasdaq First North Growth Market Rulebook.

The purpose of the long-term share-based incentive programme is to align the interests of participants and ViroGates' shareholders and thereby support the company's long-term objective to deliver sustainable value creation for the shareholders.

The grant comprises a total of 119,324 warrants to Management, and the main terms and conditions for the warrant program are:

- Warrants have been granted free of charge and vest four years after grant.
- Upon vesting, each vested warrant may be exercised over a five-year period following the publication of a quarterly financial report.
- Each vested warrant entitles the participant to subscribe for one share in ViroGates at an exercise price of DKK 35 per share corresponding to the closing price of the ViroGates' shares prior to grant.
- The exercise price of the warrants is inflated by 12% annually.
- If the warrants are not exercised within the five-year period after vesting, they will lapse without compensation.
- The total number of warrants, which may be exercised under this grant, corresponds to 3.9% of ViroGates' total outstanding shares.
