Investor news no. 50 – 2025 | Copenhagen, the 20th of June 2025

**FOM Technologies, proudly announces the launch of FOM coatLAB, a unique digital learning environment designed to empower researchers, engineers, and scientists working with our slot-die coaters and technology.**

FOM coatLAB provides high-quality tutorials on demand, aimed at supporting both newcomers and experienced users of FOM equipment. The platform will cover a comprehensive spectrum of slot-die coating knowledge and our technology with tutorials ranging from assembling slot-die heads to mastering advanced coating techniques.

Subscribers can explore:

- In-depth guidance on FOM hardware and software.
- Tutorials on slot-die coating principles, error prevention, and debugging.
- Coating examples with step-by-step instructions.
- Professional-level content including surface tension physics, coating window settings, and wetting fundamentals.

Membership also unlocks priority support from our Science & Learning (S&L) and Service Lifecycle Management (SLM) teams, ensuring fast assistance when it matters most.

With FOM coatLAB, FOM is expanding its business offering from delivery of machines, to also include access to hands-on guidance to all of our customers worldwide.
