

FOM Technologies secures Slot Die equipment sales to First Solar, Inc.

3.9.2020 07:59:30 CEST | FOM Technologies | Company Announcement

Company announcement no. 6 – 2020 Copenhagen, the 3rd of September 2020

FOM Technologies secures Slot Die coating equipment sales to First Solar, Inc. for research and development of future solar power technology. First Solar is the largest American solar manufacturing company, and one of the global leaders within solar energy.

FOM Technologies has entered an agreement with First Solar, Inc. to provide Slot Die equipment for research and development of future solar power technology. CEO Michael Stadi states. *“The contract is a major seal of approval of our long-term effort to provide high technology equipment to enable clean energy material research. As with all our customers, we’ll make sure that the science team of First Solar will get all our support and insight to our technology to create a long-term relationship.”*

This announcement will not change turnover and EBITDA guidance for the 2020 financial year.

ABOUT FIRST SOLAR:

First Solar is the largest solar manufacturing company in the United States. First Solar is a leading global provider of comprehensive PV solar energy solutions. Their mission is to provide cost-advantaged solar technology through innovation, customer engagement, industry leadership, and operational excellence. First Solar is listed on Nasdaq US with the ticker symbol **“FSLR”**.

ABOUT FOM TECHNOLOGIES:

FOM Technologies A/S provides premium Slot Die equipment for advanced material researchers at leading universities, research institutions and corporate laboratories around the world. The company was founded as a spin-out from DTU (Danish Technical University) in 2012, to support a niche market of organic photovoltaics (OPV) research with its highly precise and scalable thin-film production platform. The company has grown since its founding, with its 2020 market presence extending well beyond OPV into perovskite photovoltaics, advanced batteries, supercapacitors, touch-sensitive surfaces, microfluidic medical analysis, drug delivery and more. With 100% export to customers in over 20 countries FOM Technologies A/S is a true “born global” SME with worldwide impact based in the heart of Copenhagen, Denmark. FOM Technologies A/S is listed on Nasdaq First North Growth Market Denmark with the ticker symbol **“FOM”**.
