

## Changes in Monsenso's growth expectations for 2021

17.5.2021 08:34:38 CEST | Monsenso | Company Announcement

### Company announcement no. 12-2021

#### Copenhagen, 2021.05.17

Monsenso changes its expectations to revenue in 2021.

A few larger orders have been postponed till later in 2021, and Monsenso consequently does not expect to be able to meet the previous revenue expectations for the year.

The expectations to revenue in the fiscal year are therefore adjusted to the interval MDKK 9-12 against previously MDKK 14-16 – corresponding to a growth in revenue of approximately 15% compared to 2020.

Expectations to EBITDA is changed to the interval MDKK -5 to -6 from previously MDKK -4.8 to -5.6. The relatively modest change in EBITDA is caused primarily by reduction of planned costs by postponing a few planned new-hires.

#### About Monsenso

Monsenso is an innovative technology company offering a digital health solution for mental health and behavioral disorders. Our mission is to help provide better mental health to more people at lower costs. Our solution helps optimise the treatment of mental disorders and gives a detailed overview of an individual's mental health through the collection of outcome, adherence and behavioural data. It connects individuals, carers and health care providers to enable personalised treatment, remote care and early intervention. Based on continuous research and development, our team is committed to developing solutions that fit seamlessly into the lives of individuals, increase their quality of life and improve the efficacy of mental health treatment.
