Larger municipality on Funen have bought Dataproces' Data-analysis

17.1.2025 10:07:20 CET | Dataproces Group A/S | Investor News

Investor news no. 4/2025: Dataproces has 17th of January entered into an agreement on Data-analysis.

The agreement has been signed with a larger municipality on Funen for collaboration on Data-analysis.

Dataproces' Data-analysis ensures the municipalities a correct and legitimate income and validates the municipality's financial data foundation.

Generally about contract announcements as investor news:

All announced agreements are in accordance with Dataproces' strategic focus and do not change the announced guidance.

As the SaaS platforms MARS, MARC, REVIEW and KØS are central to the guided company strategy, each time an agreement is entered into with a new municipality, it is announced - as well as in the case of an agreement to extend delivery within one of the areas to an already existing customer, if the annual turnover from it is expected to exceed DKK 100,000.

Furthermore, it is announced when an agreement is entered into for the delivery of a DataAnalysis task where the expected fee is greater than DKK 250,000. Similarly, if agreements are entered into for delivery to a new customer in a new customer group, where the expected fee is greater than DKK 250,000.

Dataproces distinguishes in the announcements between 3 municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.
