Company announcement no. 3/2025: The Board of Directors of Dataproces Group A/S has approved acquisition

Contains inside information (new market)

In investor news no. 8/2025, it was announced that Dataproces Group A/S would investigate the possibilities for strategic partnerships and acquisitions, with the aim of offering customers new and even stronger products.

In recent weeks, Dataproces has worked to prepare an acquisition of a small company that works with analyses and forecasts in the municipal market. A due diligence process has been carried out and subsequently the Board of Directors of Dataproces Group has just approved the conclusion of an agreement to acquire the company.

This is an acquisition where the purchase price is less than 2 MDKK, and it can be stated that the company has a few customers in Germany.

A final agreement is expected to be concluded in the near future and a separate company announcement will be issued regarding this.

The acquisition does not give rise to a change in expectations for the year, as guided in connection with our upward adjustment of guidance in company announcement no. 1/2025.

The company (Nasdaq First North Growth Market Denmark: DATA) is obliged to publish the above information in accordance with point 17 of the EU Market Abuse Regulation.
