Investor news no. 33/2025: Dataproces has 22nd og August entered into agreement on Data-analysis.

The contract has been signed with a top-ten municipality in Jutland for collaboration on Data Analysis.

Dataproces' Data analyses ensure the municipalities correct and rightful income and validate the municipality's financial data foundation.

General about contract announcements as investor news:

All announced contracts are in accordance with Dataproces' strategic focus and do not change the announced guidance. As the SaaS platforms MARS, MARC, KØS and KommuneProfilen are central to the guided business strategy, each time a contract is entered into with a new municipality - as well as an agreement on the expansion of delivery within one of the areas to an already existing customer, if the annual turnover from there is expected to exceed DKK 100,000. Furthermore, an agreement is entered into on the delivery of a Data Analysis assignment where the expected fee is greater than DKK 250,000. Similarly, if agreements are entered into for delivery to a new customer in a new customer group, where the expected fee is greater than DKK 250,000.

In announcements, Dataproces distinguishes between three categories of municipality size; The 50 smallest municipalities are referred to as municipalities, the 38 middle municipalities are referred to as larger municipalities and the 10 largest are referred to as top-10 municipalities.
