"I have worked closely with the Deputy Chairman to find the right profile, and I am pleased that we in the Board have reached an agreement to appoint Kasper as the new permanent CEO. The Board of Directors is very satisfied with the work on the strategy towards the 2030 target and wants Kasper to own the strategy that is presented. With Kasper's qualities, we have the right CEO to take Dataproces further on the next big strategic step we are working on."
