

New contract on MARC Fleksløn

26.10.2021 15:10:52 CEST | Dataprocés Group A/S | Investor News

Investor news no. 10: Dataprocés has per. the 26th of October entered into an agreement on our SaaS solution MARC Fleksløn.

The agreement on MARC Fleksløn has been entered into with a larger municipality in Jutland. This is the 22nd municipality to purchase our MARC Fleksløn solution.

MARC Fleksløn (Flex Job Subsidies) is a robotic solution, that automates the monthly calculations of the subsidies and makes the recalculations more efficient. The solution runs with both KMD Aktiv and the new system KY. By using MARC Fleksløn, 50-70% of the municipality's monthly calculations of subsidies are automated.

Generally about contract announcements as investor news:

The contracts are in accordance with Dataprocés' strategic focus and does not change the announced guidance.

In all announcements Dataprocés distinguishes between three municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.

Dataprocés announce all agreements on data analyzes with a total estimated value higher than 250,000 DKK.

The SaaS platforms MARS, Min Sag and MARC Fleksløn are central to the company strategy and will be announced each time an agreement has been entered into.
