Investor news no. 22/2022: Dataprocés has per. the 23rd of May entered into an agreement on our SaaS-solution MARC Fleksløn.

The agreement on MARC Fleksløn has been entered into with a municipality on Zealand and is now the 36th municipality to automate their calculations of subsidies through our SaaS-solution MARC Fleksløn. This simultaneously marks 56 different municipalities have entered into agreement on one or more of our SaaS-solutions.

MARC Fleksløn (Flex Job Subsidies) is a robotic solution, that automates the monthly calculations of the subsidies and makes the recalculations more efficient. The solution runs with integration to Kommunernes Ydelsessystem, KY. By using MARC Fleksløn, 50-70% of the municipality's monthly calculations of subsidies are automated.

### Generally about contract announcements as investor news:

The contracts are in accordance with Dataprocés' strategic focus and does not change the announced guidance.

Dataprocés announces monthly with an overall estimated value of new data analysis agreements.

As the SaaS platforms MARS, Min Sag and MARC Fleksløn are central to the guided business strategy, they are announced each time an agreement is entered into. The agreements on SaaS are announced in accordance with Dataprocés' strategic focus and do not change the announced guidance.

Dataprocés distinguishes in the announcements on SaaS between 3 municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.
