Investor news no. 31/2023: Dataproces has per 23th october entered into a contract for our SaaS solution REVIEW.

The contract for REVIEW (formerly Min Sag) has been concluded with a municipality in Jutland, and it is now the 12th municipality to buy into REVIEW.

REVIEW is a modular solution which effectively supports the various aspects of the work with document inspection and larger read-through tasks. All tasks where risk text and potentially sensitive information are handled are typically time-consuming and resource-intensive.

REVIEW saves time on the work of reading through. At the same time, it increases security and quality when the tool helps to find and remove risky text.

**Generally about contract announcements as investor news:**

The contracts are in accordance with Dataproces' strategic focus and does not change the announced guidance.

In all announcements Dataproces distinguishes between three municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.

Dataproces announce all agreements on data analyzes with a total estimated value higher than 250,000 DKK.

The SaaS platforms MARS, Min Sag and MARC Fleksløn are central to the company strategy and will be announced each time an agreement has been entered into.
