Investor news no. 12/2024: Dataprocés has per. the 20th of March entered into agreement on data analysis.

The agreement has been entered into with a larger Jutlandic municipality, who has entered into a collaboration on data analysis.

Dataprocés' data analysis ensure the municipalities a correct and legitimate income and validate the municipality's financial data foundation.

Generally about contract announcements as investor news:

The contracts are in accordance with Dataprocés' strategic focus and does not change the announced guidance.

In all announcements Dataprocés distinguishes between three municipality size categories; the 50 smallest municipalities are called municipalities, the 38 middle ones are called larger municipalities and the 10 largest are called top-10 municipalities.

Dataprocés announce all agreements on data analysis with a total estimated value higher than 250,000 DKK.

The SaaS platforms MARS, Review, MARC and KØS are central to the company strategy and will be announced each time an agreement has been entered into.
