

## Investor news

### Comparative figures for 2021

12 August 2022

On 27 April 2022, Demant announced the decision to discontinue its Hearing Implants business. In accordance with *IFRS 5 – Non-current Assets Held for Sale and Discontinued Operations* and as previously communicated, Hearing Implants is therefore recognised in the Group's financial reporting and statements as a discontinued operation, and comparative figures for 2021 are restated to reflect this. To help reconcile such restated figures with reported figures, we attach restated income statements (unaudited) for the following reporting periods: H1 2021, H2 2021 and FY 2021.

Please note that the attachment only includes historical figures in order to ease the comparison between historical and future performance.
