February 24, 2023 - Copenhagen

Company Announcement No. 02-2023

In continuation of company announcement #23-2022, the corporation remains fully focused on driving cost efficiency. Therefore, the Board of Directors has today decided to move Valuer Holding A/S from the First North Premier segment to the First North segment. The First North segment is part of the SME growth market, so there will be no change for shareholders, and trading will remain the same.

Due to the aforementioned changes, the company will no longer have to follow the disclosure obligations for Nasdaq Copenhagen Main Market, but First North Growth Market Rulebook. In addition, the company is not obliged to prepare the accounts in accordance with IFRS going forward but instead as a minimum apply the Danish Financial Statement Act - class B. The company will continue to report on good corporate governance.

The shares are expected to be available for trading on First North from 2 March 2023.

About Valuer

Valuer's vision is to fuel and foster the world's innovation. We do so by mapping the world's innovation activities. By combining data about startups and technologies we identify and present patterns to forward thinking companies, startups, universities and investors alike. Use Valuer to dive headfirst into identifying relevant companies and technologies. We organize +20 million data points to spot trends, discover new technologies and map industries. Using AI and machine learning to analyze, cluster and identify as well as human researchers to qualify and enrich data, if requested and needed. Start at macro level by exploring industries and technologies - and identify relevant companies. Or start at micro and company level and from there understand the industry and how it associates. Valuer is a one-stop-shop for innovation and opportunity discovery. Whether you want to find new technologies and collaboration opportunities, uncover strategic suppliers or find and follow acquisition targets, Valuer can help.
