RISMA is proud to announce the first customer with +1.000 employees on the full RISMA GRC Suite.

IT Relation, part of the fast-growing group itm8, is a significant player within IT Outsourcing services. The company has a strong position focusing on managed services and business solutions. IT Relation and itm8 have evaluated the GRC market for solutions to support their ongoing governance, risk & compliance commitments, and they have chosen RISMA as their future platform.

With 18 offices, across 4 countries and 10 brands in the itm8 Group, areas like flexibility, rich functionality, and a broad scope across multiple GRC disciplines have been central in the decision to go with RISMA.

"We have seen a substantial interest for our integrated GRC Suite over the last 6 months. We have signed a fair number of customers in the mid-market range, but with the welcome to IT Relation, we now move RISMA's Suite into the enterprise segment. This is yet another check mark on milestones in the RISMA growth journey, and we are progressing as expected on our growth plans as set out when entering Nasdaq First North in March, 2021", says Lars Nybro Munksgaard, CEO and Founder of RISMA Systems A/S.

RISMA's GRC Suite covers eight governance, risk & compliance areas relevant for companies and organization of all sizes across all industries:

- Privacy & GDPR
- ISMS & ISO207001
- Enterprise Risk
- ESG & Sustainability
- Internal & Financial Controls
- Contract & Vendor Management
- Policy & Procedure Management
- Incident Management
