

RISMA announces that 16 CSCR solutions have been sold per June 30, 2023

13.7.2023 09:23:34 CEST | Risma Systems A/S | Investor News

As previously announced, RISMA has developed a solution for compliance with the new EU legislation on reporting on ESG related topics, CSRD.

This solution is primarily expected to contribute to RISMA's growth in H2 2023 and H1 2024.

Founder and CEO, Lars Nybro Munksgaard says:

"By the end of H1, RISMA has sold 16 CSRD solutions, which is in line with expectations, although in the high end. More importantly, it confirms that RISMA is well situated for the period from September 2023 to May 2024, where RISMA expects that significantly more companies will look for IT solutions to support their effort to become compliant with CSRD.

The sales of the CSRD solutions in Q2 2023 furthermore confirms our expectations about the CSRD solution being a door opener for sale of other RISMA's solutions to the new customers buying the CSRD solution."
