

Meet Q-Interline A/S at KapitalForum on 29 October 2026

20.10.2026 11:28:21 CEST | Q-Interline A/S | Investor News

On 29 October 2026, you can meet Q-Interline A/S at KapitalForum in Copenhagen and learn more about the company's development, strategic focus, and future plans. The event is organized by Norden CEF in collaboration with Consensus and Wadvisory.

- **Location:** Matrikel 1, Copenhagen
- **Time:** 09:00–14:00

If you are unable to attend in person, you also have the option to participate online.

What to expect

KapitalForum offers investors the opportunity to meet a range of listed companies and gain insight into their businesses, strengths, and growth potential. Throughout the day, participants will be able to ask questions and provide direct feedback.

Who will be there?

The event will feature listed companies from a variety of industries. You can learn more about the participating companies at: www.kapitalforum.dk

At Q-Interline A/S, we will focus on our business, strategic direction, key strengths, and growth potential. You will have the opportunity to hear directly from the management, engage in dialogue, and ask questions.

We look forward to meeting both existing and prospective investors and to a day of presentations, discussions, and networking.

Participation is free of charge.

About Q-Interline A/S

Q-Interline is a technology company that develops high-tech analytical solutions for optimising process efficiency and product quality, based on infrared spectroscopy and correct sampling techniques.

The company develops both its own front-end software solutions and software for automated cloud-based monitoring of analytical instruments and mathematical calibration models.

Q-Interline is among the leading suppliers of analytical equipment to the dairy industry in Scandinavia and has delivered analytical systems to customers in 53 countries worldwide across the food and dairy industries, agriculture, pharmaceutical manufacturing, and the chemical industry.

For more than 29 years, the company has accumulated extensive industry expertise and developed innovative patented solutions for food analysis. Today, Q-Interline offers a competitive product portfolio built on leading-edge technology.

Through its solutions, Q-Interline contributes to the sustainable use of raw materials in food production while helping to ensure that the quality of produced food supports the health and well-being of both humans and animals.
