Hove as a group have received three orders in the past week with a total value of more than DKK 3,500,000, as well as two private label filling orders.

--

Hove A/S has received an order worth over DKK 2,000,000 from a global wind OEM, as well as a private label filling order from a lubricant manufacturer.

Hove Americas has received two orders worth over DKK 1,500,000 from a global wind OEM, as well as a private label filling order from a lubricant manufacturer.

Hove have been supplying pumps and lubricants to these customers for several years.

### **General info about investor news:**

Unless otherwise specified, all new customer agreements and orders are according to Hove's strategy and thus do not change the communicated guidance.

<b>Business area</b>	<b>Orders below DKK 500,000</b>	<b>Orders above DKK 500,000</b>
<b>Wind industry</b>	Is not communicated.	Is communicated in weekly roundup.
<b>Hove Smart Lube IoT</b>	Is communicated within 24 hours.	Is communicated within 24 hours.

In all investor news, Hove distinguishes between three customer categories; small and medium sized customers are defined as "customers", manufacturers of wind turbines, cranes, and other machinery with mechanical bearings are defined as "OEM's", and the 10 largest operators within each region and/or industry are defined as "large operators".

All agreements and orders with a total value of more than DKK 500,000 are communicated to the market.

Hove Smart Lube sales and orders from new industries are key to Hove's strategy, and thus communicated each time an order is received.

Orders between different entities within the Hove Group are not communicated to the market.
