In all investor news, Hove distinguishes between three customer categories; small and medium sized customers are defined as "customers", manufacturers of wind turbines, cranes, and other machinery with mechanical bearings are defined as "OEM's", and the 10 largest operators within each region and/or industry are defined as "large operators".

All agreements and orders with a total value of more than DKK 500,000 are communicated to the market.

Hove Smart Lube sales and orders from new industries are key to Hove's strategy, and thus communicated each time an order is received.

Orders between different entities within the Hove Group are not communicated to the market.
